Statement of Mr. H. D. McGeorge, Januar of the House of Delegates.

WHEELING, Dec. 8th, 1868. Wheeling, Dec. 8th, 1868.

I have visited Dr. Lighthill at the McLure House and obtained his treatment for the cure of Deafness and noises in the ears, with which I have suffered for four years; and can say that I have been greatly benefited by its use, although I have applied it but twice, and that the treatment is perfectly painliess and calculated to produce permanent and beneficial results.

Well Attested Cure of Catarrh.

DR. A. P. LIGHTHILL—DEAL SIE:—Your treatment in the cure of my Catarrh has had the desired effect, and resulted in permanent good to me, although my case has frequently been pronounced incurable, and I had exhausted all other modes of treatment, without the least benefit. My case was frequently been pronounced incurable, and I had exhausted all other modes of treatment, without the least benefit. My case was so chronic and troublesome, that by giving a few of the symptoms the value of your treatment can be more readily estimated. For years I had been afflicted with a constant cold in the head, obstructing my breathing so as to necessitate me to keep my mouth open during sleep; latterly the discharges became solidified and impacted in my nose to such an extent that it required the greatest exertion to expel them. Sometimes these hardened lumps would get in my throat causing me to hawk and scrape even by the hour to relieve myself. My breath was offensive, my memory became impaired, Dizziness and light headiness made their appearance, and of late symptoms of paralysis stepped in, and when I placed myself under your care one side of my face was badly affected by this dread disease. My general health suffered alike, there was a constant tired, drowsy and debilitated feeling, with no energy to move or act; I felt astired on rising in the morning as I did on going to my bed, my appetite was capricions and my disposition morose. In that condition I placed myself under your care, and am happy to state that all those disagreeable and dangerous symptoms have entirely left me, and I once more enjoy the benefits of good health.

By giving this publicity you will benefit others similarly affected and oblige inc. Yours truly.

My hearing has been impaired for a number of years, at times to such an extent as to embarrass meseriously. Dr. Lighthill, under whose care I placed myseif, has removed the difficulty completely, and restored me to perfect hearing.
